Welcome to this issue of the DeLorean Owners Directory, containing 1134 cars. I'm trying a new format for the owner information in order to cut down in the number of pages. All submissions to the Owners Directory after March 18, 2005 will be in the next issue.

Please help us find owners who are not in the Directory. If you know any owners who are not in the Directory, please direct them to www.dmcnews.com or print out a copy of the input form and have the owner fill it in. We'd like to get every car into the Directory. This would give us all a better history on the production and current status of our cars.
